

TB-0340

SUNSET OF THE YEEHAW SEARCH ENGINE

Issue Date: June 11, 2004
Effective Date: June 25, 2004
Section/Group: ITS Authentication and Directory Services
Submitted by: Darrus McBride
Approved by: Darcie Trimble

The CIO's Office approved and procured a new search engine, which is now available on the Utah.gov Web site.

Due to the new software, Yeehaw, formerly the State's search engine, has not been updated for several months. Yeehaw will be disabled and removed from all ITS systems, effective June 25, 2004.
